More Than Two-Dozen New Solutions Added to CableOrganizer.com's Burgeoning Inventory that Surpasses 5,000 SKUs

*Company Offers Free AC Voltage Detector with Adjustable Sensitivity Control with Purchase of True
RMS Autoranging Digital Multimeter*

FORT LAUDERDALE, FL, October 24, 2006 – CableOrganizer.com, among the world's leading purveyors of cable, wire and equipment management-related products for use by individuals, hospitals, government offices and corporations of all sizes, today announced the induction of no less than twenty-six new products into its industry leading online catalog at <http://CableOrganizer.com>.

"We continually seek solutions that serve to maximize workplace efficiencies and, in doing so, maximize overall customer satisfaction with our catalog," said Valerie Holstein, co-founder and CEO of CableOrganizer.com. "These newly integrated products can help our customers 'do business better' and, as such, are welcome additions to our comprehensive, ever-growing inventory. I've said it before and I'll say it again: if you can't find a cable, wire or equipment management-related product on CableOrganizer.com, it either doesn't exist or it doesn't meet our quality standards and you are likely better off without it."

The newly offered products at CableOrganizer.com include:

- **One Man Tied – Wire Tidy** – This whimsical cord organizer will let you wrap your table top cables around his "body" to keep them out of your way, and his suction cup base will ensure that he and your wires will stay firmly in place - \$10.00
- **Roundit 2000 EMI** - self-wrapping feature allows for easy, quick bundling of wire and cables that may need protection from EMI – From \$1,671.74
- **Roundit 2000NX EMI** - a self-wrapping sleeving that was created for mechanical and EMI protection. This feature allows for quick easy installation and removal of cabling and wires – From \$1,425.36
- **Roundit Double-Sided Tool** - allows for quick easy installation and removal of cabling from side split braided sleeving. The double-sided feature allows use with multiple sizes of sleeveings from 3/16" to 1" - \$42.00
- **Dura Wrap** - The perfect solution for organizing and controlling cables and hoses that are subject to constant exposure. This sleeve is made from one of the strongest materials known, ballistic nylon. The tightly woven nylon is paired with an industrial hook and loop closure to provide a durable and flexible sleeving – From \$99.49
- **SafCord Cord Cover** - A solution to secure electrical and data cables to looped carpet. This innovative hook and loop method allows you to fasten the cords in place without the use of adhesives that could damage your carpet - From \$30.00
- **Nomex Braided Sleeving** - The woven fibers in this high temperature sleeving have the ability to withstand temperatures up to 700° F. provides protection against solvents and common engineering

chemicals, as well as most acids and bases. The material is exceptionally strong and has a tensile strength of 90,000 psi – From \$52.20

- **Kendall Howard Compact Series SOHO Server Rack** - With locking, yet lift off, front and back doors, casters, adjustable rails, mesh front and rear doors, and plenty of venting, these low profile Server Racks are perfect for small, tight environments - \$675.00
- **Heavy Duty Sliding Shelf** - Supports a load capacity of 300 pounds! The ultimate heavy-duty load capacity sliding shelf which can be used for just about any 19" rack system. It is compatible with industry standard 3/8" square hole racks - \$273.35
- **Monitor / Keyboard / Mouse Shelf** - This rack mount shelf is a standard for all manufacturers' 19" rack mount applications, is heavy duty and designed to hold a monitor, keyboard, and mouse at a convenient working position; it can be mounted on a 19" rack at a height for standing or sitting - \$252.00
- **Pivoting Keyboard Tray with Mouse Tray Shelf** - Just as the name implies, the keyboard tray retracts out, pivots, and the mouse tray can extend for either side - \$196.00
- **Great Lakes Deep Wall Mount Swing Out Enclosures** - Finally, a swing-out wall mount cabinet deep enough to handle your larger components without running short of space! The Great Lakes Case and Cabinet Co. 32" deep wall mounts are both versatile and easy to equip – From \$745.00
- **Aluminum and Steel Racks from BUD Industries** - Bud Industries' 2 post aluminum racks are designed with ease of LAN (or any other) installations in mind. They are built to handle a load capacity of 1000 pounds. Steel open frame 2 post relay racks have a 650 pound load capacity – From \$114.50
- **VLBX Time-Lapse Recorder Lock Box** – protects the evidence when high security is a priority and ease of equipment access is essential - From \$201.88
- **DLBX Series DVR Lock Box** – protects the evidence while ensuring components have the necessary thermal and cable management - From \$212.70
- **Platinum Tools EZ-E Punchdown Tool** - The first hand tool to marry electronic sensors right into an ergonomically-designed punch down unit, allowing for audible and visual confirmation of perfect terminations each and every time - \$50.00
- **Long-Reach Long-Nose Pliers** - Allow you to work efficiently and comfortably around obstructions. The knurled jaw provides precision gripping and sure looping of wire. Made of custom forged, hardened, and tempered steel for maximum strength and holding power with little effort - \$38.75
- **Tool Tote™ Bags** - made of rugged 600x300 denier polyester to resist wear and tear while on the job. The 2" wide padded carrying handles are made of a high tensile polypropylene material for strength – From \$69.99

Manufactured by Klein Tools:

- **Nylon & Leather Tool Bags** - Tool bags from Klein come in a wide variety of shapes and sizes to match the tools and accessories professionals use every day- From \$8.04
- **Insulated Nut Drivers and Sets** - Have two layers of insulation to provide protection against electric shock and feature the patented Tip-Ident®, with color codes, that quickly identify the nut driver and size. A Cushion-Grip handle allows for greater torque and comfort – From \$24.00
- **4-Piece Miniature Cushion-Grip Screwdriver Set** - are exceptionally strong, made of carefully heat-treated and tempered steel. The handle resists slippage which allows you to apply more torque - \$30.00

Surge Protection:

- **SmartSockets® Tabletop Surge Protector** - The perfect accessory for any meeting room. A 16-foot cord helps make this tabletop surge protector easily accessible and allows you to place it in the center of a room. Its circular design allows for connection of up to 6 AC adapters or plugs - \$49.99

- **SmartSockets® Portable Surge Protector** - The outlet in your hotel room isn't any safer than the one in your home office, that's why the SmartSockets Portable Surge Protector is such an intelligent solution. This smart little surge protector goes everywhere you go to provide surge protection for your portable devices - \$15.99
- **Compact Surge Protector** - allows you to safeguard your electronic equipment while staying out of your way. It's compact enough to sit on the floor, next to your desk, against a wall, or even behind furniture. The integrated cable management on this surge protector also allows you to keep your cords tidy - \$39.99
- **Concealed Surge Protector** - This innovative solution to cable clutter provides advanced surge protection while keeping your cords hidden. The unique closing cover keeps your plugs and cables out of view so they don't become a distraction to children or pets - \$49.99
- **Clamp-On Surge Protector** - one of the most versatile surge protectors known. You can clamp it just about anywhere and have surge protection. The Clamp-On Surge Protector easily secures to the edge of a desk, workbench, table, or sawhorse, and can be just as easily removed - \$34.99

For a limited time, CableOrganizer.com is offering a FREE Sniff-It 2 AC Voltage Detector with the purchase of True RMS Autoranging Digital Multimeter. The Sniff-It 2 AC Voltage Detector is an economical and compact way to check for AC voltage without making direct contact with live wires. The adjustable sensitivity variables from 5 to 600 Volts AC make this the perfect solution for just about any job. Visit CableOrganizer.com at <http://cableorganizer.com/electrical-testers/sniff-it.htm#B> for more details.

Operated by a highly experienced team of seasoned executives, IT experts and Internet marketing professionals in various disciplines, CableOrganizer.com has established itself as a primary source for both ubiquitous and specialized cable and wire management-related solutions. The company helps individuals, small through large corporations, hospitals and government offices worldwide organize cable and other office clutter through its highly personal, accessible, and expedient cable and wire management online storefront. CableOrganizer.com also publishes "*On the Wire*," a free monthly electronic newsletter with a considerable multi-national opt-in circulation base.
